

# THE LIFE AND LEGACY OF ANTONIO GRAMSCI, 29.4.17

Edinburgh Peoples Festival

RIC-Edinburgh is not hosting a Scottish Radical History event this spring (we are considering an event later in the year). We are urging those who have supported the last two events to get a ticket for 'The Life and Legacy of Antonio Gramsci event', organised by the Edinburgh Peoples Festival. Ray Burnett who is a member of RIC, and spoke at our last two events, will be speaking on Gramsci, Hamish Henderson and Subaltern Scotland. Hilary Wainwright, editor of Red Pepper, who spoke at the joint RIC/Global Justice conference in Glasgow earlier this year, is also a speaker.

Two veterans of Radical Independence Campaign events, Hilary Wainwright, editor of *Red Pepper*, and Ray Burnett, Benbecula historian and author, at the EPF's Gramsci event.
